

Makanaga Wetland Ecosystem Users' Association (MWESUA)

In partnership with Uganda Wildlife Conservation Education Centre (UWEC)

Donation of Spotting Scopes

On behalf of MWESUA and UWEC, we are extremely thankful to Binoculars4Charity for the donation of the 2 Spotting Scopes we received in 2023. These equipments have been very instrumental in promoting conservation of wildlife species and habitats through birding.

We continue to use the Scopes in Bird monitoring, Training of youths from the community and school children and during paid birding activities in Makanaga Wetland and the forested areas around the shores of Lake Victoria at large.

Big Thank you to Binoculars4Charity

Otiti Richard
